

Block Island Utility District Energy Efficiency Program – Business Lighting Rebate Application

How to Apply

1. Verify that the equipment/services qualify for a rebate by consulting with a Rhode Island certified contractor and reviewing the eligibility requirements in this application.
2. Purchase the qualified equipment/services and have a Rhode Island certified contractor install it. Have the licensed contractor sign this application when the work is completed.
3. Obtain an invoice from your contractor and your copy of the Pre-Installation Lighting Inspection Report conducted during your energy assessment. Those documents together should provide the following information: type of work performed, equipment installed (including quantity and wattage), equipment replaced (including quantity and wattage), estimated energy savings, date and location of services performed, total job costs, contractor's name, business name and address, and an indication of “paid in full” or “zero balance”.
4. Complete this application in full. Attach a copy of your invoice and the Pre-Installation Lighting Inspection Report to this application. Mail, or scan and email, these documents to the Block Island Utility District office. After your application is processed, you will receive your rebate check in the mail within 4 to 6 weeks.

CUSTOMER INFORMATION

Customer Name (First & Last): _____

Installation Address: _____

Mailing Address (if different): _____

Email: _____ Phone: _____

Block Island Power Company Account Number (Installation Location): _____

Date of Energy Assessment (from Audit Report): _____

I hereby request a rebate for the work listed in this application. Attached are copies of all invoices and equipment spec sheets indicating efficiency. I certify that a Rhode Island certified contractor has installed the listed equipment in accordance with the Program eligibility as described on this form. I understand that some restrictions may apply and rebate offers are subject to funding availability. Rebates will be reviewed and processed on a first-come, first-served basis. The Utility District reserves the right to reject any application not filled out completely, truthfully, and accurately. This program and associated rebates are available for work completed through April 30, 2021.

Block Island Utility District Energy Efficiency Program – Business Lighting Rebate Application

The Block Island Utility District is offering business customers rebates for several high-efficiency lighting measures – LED fixture upgrades, lighting controls, and occupancy sensors. Only Block Island commercial rate customers may apply. A Rhode Island certified contractor must perform the work and sign this application. See eligible equipment and rebate amounts below.

To apply, please fill out this form and mail it with all required documentation to

Block Island Utility District
Attn: EE Program Rebate
100 Ocean Avenue
P.O. Box 518
Block Island, RI 02807

Scan a completed form with required documentation and email it to:
tfredericks@blockislandpowercompany.com
OR

Forms must be received within forty-five (45) days of equipment installation. Customers must have received a business energy assessment to be eligible for rebates. Rebates are available based on the availability of program funds on a first-come, first-served basis. Please allow 4 to 6 weeks for a rebate check to arrive via mail.

| ELIGIBLE EQUIPMENT AND INCENTIVE LEVELS | |
|---|-------------------------------|
| MEASURE (CHECK ALL INSTALLED) | INCENTIVE LEVEL |
| <input type="checkbox"/> LED Fixture Upgrades | 75% of eligible costs covered |
| <input type="checkbox"/> Lighting Controls | |
| <input type="checkbox"/> Occupancy Sensors | |

Eligible Equipment:

Rebates are only available for the replacement or conversion of existing inefficient lighting equipment listed on the Pre-installation Lighting Inspection Report that is conducted during the initial energy assessment. Any measures not listed on that report will not be eligible for a rebate from Block Island Utility District, and only equipment that is upgrading existing lighting measures will be eligible, as this does not cover new equipment installations. Any costs incurred by the customer for equipment ineligible for a rebate is done at their sole expense.

Call 401-466-5851 or email tfredericks@blockislandpowercompany.com for more info!
