

# Block Island Utility District Energy Efficiency Program – HVAC & Water Heating Equipment Rebate Application

## How to Apply

1. Verify that the equipment/services qualify for a rebate by consulting with a Rhode Island certified contractor and reviewing the qualification table in this application.
2. Purchase the qualified equipment/services and have a Rhode Island certified contractor install it. Have the contractor sign this application when the work is completed.
3. Obtain an invoice from your contractor containing the following information: quantity installed, equipment manufacturer, model numbers, size in tons or gallons, date and location of installation, total installation costs, contractor's name, business name and address, and an indication of “paid in full” or “zero balance”.
4. Complete this application in full. Attach a copy of your invoice and the equipment’s spec sheet indicating its efficiency to this application. Mail, or scan and email, these documents to the Block Island Utility District office. After your application is processed, you will receive your rebate check in the mail within 4 to 6 weeks.

## CUSTOMER INFORMATION

Customer Name (First & Last): \_\_\_\_\_

Installation Address: \_\_\_\_\_

Mailing Address (if different): \_\_\_\_\_

Email: \_\_\_\_\_ Phone: \_\_\_\_\_

Block Island Power Company Account Number (Installation Location): \_\_\_\_\_

Date of Energy Assessment (from Audit Report): \_\_\_\_\_

I hereby request a rebate for the work listed in this application. Attached are copies of all invoices and equipment spec sheets indicating efficiency. I certify that a Rhode Island certified contractor has installed the listed equipment in accordance with the Program eligibility as described on this form. I understand that some restrictions may apply and rebate offers are subject to funding availability. Rebates will be reviewed and processed on a first-come, first-served basis. The Utility District reserves the right to reject any application not filled out completely, truthfully, and accurately. This program and associated rebates are available for work completed through April 30, 2021.

# Block Island Utility District Energy Efficiency Program – HVAC & Water Heating Equipment Rebate Application

The Block Island Utility District is offering rebates for energy efficient HVAC and hot water heating equipment. Only Block Island homeowners and businesses may apply. A Rhode Island certified contractor must install the system and sign this application. Only qualifying equipment models are eligible. See qualifying equipment and rebate amounts below.

To apply, please fill out this form and mail it with all required documentation to

**Block Island Utility District**  
**Attn: EE Program Rebate**  
**100 Ocean Avenue**  
**P.O. Box 518**  
**Block Island, RI 02807**

Scan a completed form with required documentation and email it to:  
**[tfredericks@blockislandpowercompany.com](mailto:tfredericks@blockislandpowercompany.com)**  
**OR**

Forms must be received within forty-five (45) days of equipment installation. Customers must have received a home energy assessment to be eligible for rebates. Rebates are available based on the availability of program funds on a first come, first served basis. **Rebate amount not to exceed \$750 per residential customer or \$1,000 per business customer, per program year.** Please allow 4 to 6 weeks for a rebate check to arrive via mail.

QUALIFYING PRODUCTS (HVAC)	Efficiency Rating	System Size (tons)	REBATES (check all that apply)
Central Heat Pump	SEER ≥ 15; HSPF ≥ 9		<input type="checkbox"/> \$250 per ton
Ducted or Mixed Ducted Mini-Split Heat Pump	SEER ≥ 15; HSPF ≥ 9		<input type="checkbox"/> \$250 per ton
Ductless Mini-Split Heat Pump	SEER ≥ 15; HSPF ≥ 10		<input type="checkbox"/> \$150 per ton
QUALIFYING PRODUCTS (WATER HEATERS)	Efficiency Rating	System Size (gallons)	REBATES (check all that apply)
Heat Pump Water Heaters	Minimum UEF of 2.0	≤ 55 Gallons	<input type="checkbox"/> \$300
Heat Pump Water Heaters	Minimum UEF of 2.70	>55 Gallons	<input type="checkbox"/> \$150

Seasonal Energy Efficiency Rating (SEER) measures air conditioning and heat pump cooling efficiency. A SEER rating is a maximum efficiency rating, similar to the miles per gallon for a car.

Heating Seasonal Performance Factor (HSPF) is used to measure the efficiency of heat pumps and the higher the HSPF the more efficient the system.

Uniform Energy Factor (UEF) is a new metric for determining the energy efficiency of a water heater utilized by the Department of Energy. The higher the UEF, the greater the equipment's efficiency and the lower the energy bill.

## Work Performed

Installation Address: \_\_\_\_\_

Installation Date: \_\_\_\_/\_\_\_\_/\_\_\_\_ Contractor's Registration #: \_\_\_\_\_

Equipment installed as:

- New Construction  Replaced Working Equipment  Replaced Failed Equipment
- Adding Heating to Existing System  New or Additional Heating System

New Equipment Manufacturer: \_\_\_\_\_

New Equipment Model Number: \_\_\_\_\_

New Equipment Efficiency Rating (SEER; HSPF; UEF): \_\_\_\_\_

New Equipment System Size (tons or gallons): \_\_\_\_\_

Old Equipment Manufacturer: \_\_\_\_\_

Old Equipment Model Number: \_\_\_\_\_

Old Equipment Efficiency Rating: \_\_\_\_\_

Old Equipment Fuel Type (electric/propane/oil): \_\_\_\_\_

Check here if customer is also applying for, or intends to apply this calendar year, for an insulation rebate and weatherization bonus incentive. This rebate will only be paid once both the heat pump system and exterior wall insulation are installed.

I hereby certify that I am a contractor that holds a valid contractor's registration from the Rhode Island Contractor and Licensing Board and that I have installed the equipment listed on page 1 of this application at the installation address shown above. The attached invoices and spec sheets are for the equipment listed on page 1. To the best of my knowledge, all installed heating and/or hot water equipment listed on page 1 are operating according to the manufacturer's specifications.

**IMPORTANT:** Photocopy your entire submission for your records. To review the status of your application please call **401-466-5851** or email [tfredericks@blockislandpowercompany.com](mailto:tfredericks@blockislandpowercompany.com). This application must be completed accurately and legibly in its entirety. Please be sure to include the appropriate invoices and spec sheets as part of this application. Incomplete applications will not be processed and BIUD staff will notify any customer of incomplete application. Your invoice(s) must include the following: quantity installed, equipment manufacturer, model numbers, size in tons or gallons, date and location of installation, total installation costs, contractor's name, business name and address, and an indication of "paid in full" or "zero balance". Spec sheets must indicate the efficiency of the installed equipment.
